ORDER FIRE ESCAPES/ ON THE DANCE HALLS

COUNCIL NOTIFIES OWNERS OF ARMORY AND ROSBROOK HALLS TO OBEY LAWS

BILLS FOR SEPTEMBER PAID

Total of \$6177.74 Is Ordered Distributed Miss McGrail Deputy City Clerk

WHAT THE COUNCIL DID.

Ordered owners of Rosbrook hall and Armory hall to comply with the state law regarding fire escapes.

Passed bills for month of September, amounting to \$6177.74. This sum includes semi-annual hydrant rental of \$3326.16 and \$100 in settlement of claim against the city by Mrs. Ella Coover.

Appointed Miss Katherine McGrail deputy city clerk to act during vacation of City Clerk Grover.

Accepted report of auditing committee on annual reports of the city clerk and city treasurer, showing a balance of \$34,385.05 on hand at end of fiscal year.

The city council at its regular meeting this morning passed a resolution, introduced by Commissioner Gannon, instructing the owners of Rosbrook hall and Armory hall to comply at once with the state laws regarding fire escapes. In asking the passage of the resolution Commissioner Gannon stated that his attention had been called to the great possibility for serious disaster if fire ever visited either of these buildings when the halls were in use, and he added that the law provides that fire escapes must be provided when more than 50 people congregate in an upstairs room. The resolution was unanimously passed.

Passed Monthly Bills.

The council also passed the bills for the month of September, the total amount of \$6177.74 including the semi-annual hydrant rental of \$3326.16 and \$100, which is the settlement of Mrs. Ella Coover's claim of \$175 against the city for pecuniary loss while her house was quarantined for smallpox.

Appoint Miss McGrail.

City Clerk Blake Grover prepared for his annual vacation, which he will take this week, by asking the confirmation of the appointment of Miss Katherine McGrail, present city stenographer, as deputy clerk with full power to transact all of the duties of the office during his absence. The appointment was confirmed.

Auditors Report.

John L. Davies and Clifford Gray, who were appointed the committee to audit the books and reports of City Treasurer C. H. Chandler and City Clerk Blake Grover, reported that they had examined the books carefully and found them correct. The reports show that at the end of the fiscal year there was a balance of \$34,385.05 on hand in the city treasury.

EXTENDED VACATION NOW IN DISFAVOR

PRESIDENT BRINTON OF GRAND DETOUR PLOW CO. SO DECLARES.

Mayor W. B. Brinton is not in favor of extended vacations for his employees, and he so announced himself at the meeting of the city council this morning. He stated that he had found in his office, where the work and ability of each individual is depended upon, that he could not run his office work smoothly and thoroughly when any of these men took a two weeks' vacation, and that, therefore, he had served notice on all of his office help that hereafter extended vacations in the office were tabooed. He stated, however, that he was willing to grant them a day off, now and then to make up for the two weeks.

Coroner George W. Stephan of Ashton was a business visitor in Dixon today.

EXPRESS PLEASURE WITH DIXON LIGHTS

ROCKFORD PAPER SAYS VISITORS TO DIXON WERE WELL IMPRESSED

Rockford Star:—The trip to Dixon Thursday of the Seventh street party of business men undertaken for the purpose of viewing the lighting system there, resulted in a favorable impression in the minds of all concerned toward installing a like system here.

According to several members of the party, the light proved to be both ornamental and brilliant. It is probable that the Seventh street merchants will get together shortly and appoint a committee to take immediate steps in the matter. Boulevard lights of one type or another are bound to appear in the street and the electric company is urging prompt action in the matter.

Messrs. Gschwindt and Martin of the electric company entertained the Seventh street delegation at a dinner in Dixon to which several prominent Dixon officials were also invited.

DEMENTTOWN HOTEL HAS BEEN REOPENED

T. T. DUFFY CONDUCTING INN UNDER NAME OF "HOTEL SANTONE."

The old Northwestern hotel in Dementtown has been reopened under the name "Hotel Santone" and the management of T. T. Duffy, and in the few days during which Mr. Duffy has had charge he has received every indication of liberal patronage and assured success. The entire house has been renovated and refurnished. Electric lights, steam heat and all modern improvements have been added and every possible convenience will be given for the comfort of the traveling public.

The new hotel will be run on the American plan and reasonable rates will be charged for meals, board and rooms.

TO PREPARE FOR FURTHER PAVING

ASSISTANT ENGINEER IS NECESSARY TO GET ORDINANCES PREPARED.

Following the meeting of the city council this morning the board of local improvements went into session, and at that time City Attorney Mark Keller was authorized to secure the services of County Surveyor L. B. Neighbour to assist in preparing the data for the ordinance which will provide for the North Galena avenue and the East River street pavements, the court proceedings in which it is hoped can be gotten out of the way during the winter, thus making it possible to start active work on the improvements early in the spring. City Engineer Nesbit now has about all he can look after with the Second and Third street improvements, consequently to hasten the work in the proposed jobs the board has authorized the engagement of an assistant.

MRS. REMMERS LAID TO REST SUNDAY

The funeral of Mrs. George Remmers, which was held yesterday afternoon at the Christian church in Grand Detour, was one of the most largely attended in the history of that township, attesting the great love and respect her neighbors bore for the departed woman. The funeral was conducted by Rev. F. D. Altman of Dixon, and burial was at the Grand Detour cemetery.

CARD OF THANKS

We extend our sincere, heartfelt thanks to the faithful G. A. R., and G. A. R. Circle, the ladies of the W. R. C. kind neighbors and all our many friends. The beautiful flowers were greatly appreciated in our late bereavement. Chas. McBride and family.

WANT THANKSGIVING ON NOVEMBER 19

PRESIDENT WILSON WILL BE ASKED TO PROCLAIM IT EARLIER.

Gov. Dunne will call a conference of leading citizens of Illinois this week to consider the proposition of addressing a memorial to President Wilson, appealing to him to fix Wednesday, Nov. 19, as Thanksgiving day for this year.

Nov. 19 will be the 50th anniversary of the delivery by Abraham Lincoln of his immortal Gettysburg address. The date is a week and one day earlier than Thanksgiving day would come in the usual course of events.

The movement has been under consideration for some time by the foremost men of Illinois. It has the endorsement of Gov. Dunne, U. S. Senators Sherman and Lewis, State Senators Hugh S. Magill and W. Duff Piercy, and State Superintendent of Public Instruction Francis G. Blair, and others.

Governor Dunne will probably call the proposed conference for Thursday.

FIRST OF FEATURE STORIES PUBLISHED

TALES OF ADVENTURES BY REX BEECH TO BE PUBLISHED BY TELEGRAPH.

The Telegraph today starts the publication of a series of short stories which are bound to prove of great interest to all lovers of entertaining fiction, for these stories are by Rex Beech, considered one of America's best authors. All are stories of adventure, and their author is a past master in this kind of story, for he has experienced plenty of adventure himself. The first of the series is "The Colonel and the Horse Thief," and will be found on page three of this issue.

WITNESS DIES; SAVES ACCUSED

Peoria: It is likely the prosecution against John Reick, charged in the county court with assault with a deadly weapon, will be dropped since death has removed the complaining witness, Charles Setzer.

Setzer, a brakeman, was crushed to death between two cars in the Northwestern railroad yards.

It was charged that Reick attacked Setzer with a beer glass some time ago.

CONFERENCE COLLECTIONS SHOW BIG RETURNS

The church collections in Rock River conference for the past year show a very encouraging state of affairs. According to the report of the treasurer, C. K. Carpenter, they amounted to about \$105,000, which is \$20,000 more than the preceding year.

FORMER AMBOY MAN SUICIDES IN ST. LOUIS

Frank Houston, formerly a resident of Amboy and for many years an engineer on the Illinois Central, killed himself at St. Louis Wednesday by taking poison. Grief over being compelled to testify in court against his daughter in a suit with neighbors, is said to have been the cause for the act.

LITTLE GIRL KILLED BY CAR.

Mabel, the two year old daughter of Gilbert Young of St. Charles, was instantly killed Saturday when she attempted to dash across the street and was struck by an interurban car. The accident was unavoidable by the crew of the car.

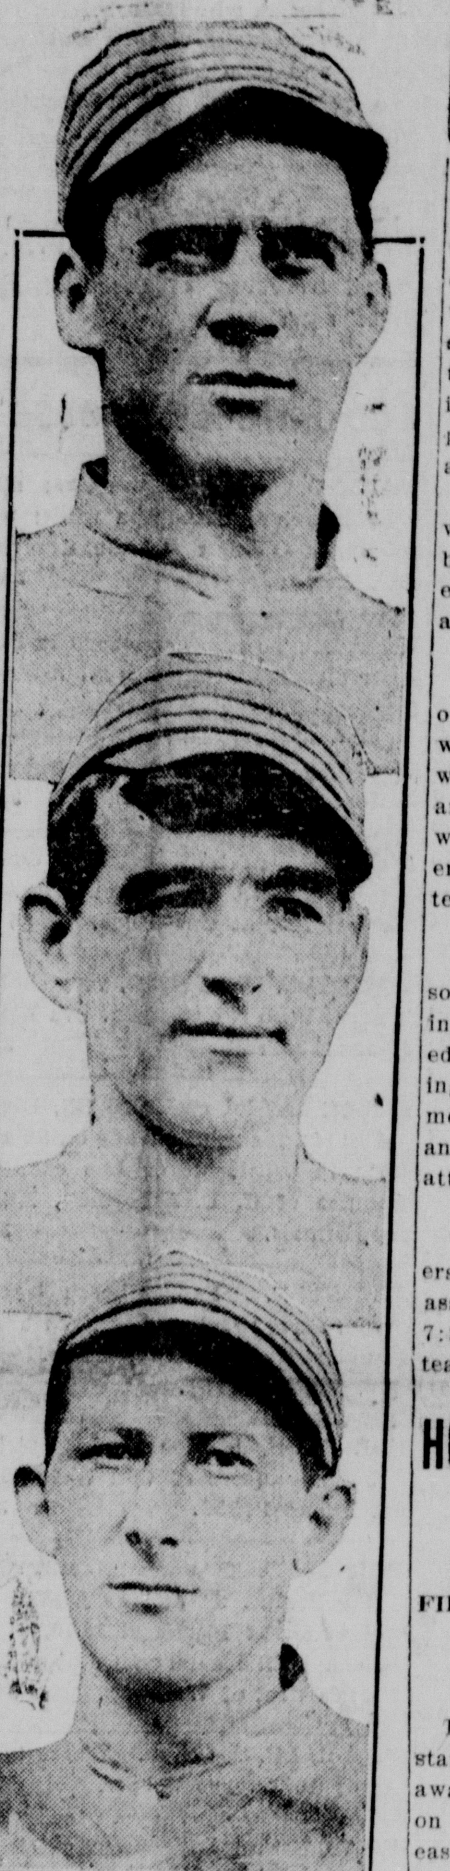

HOSPITAL BOARD.

The will of the late Mrs. Katherine Shaw Bethea hospital will meet tomorrow at 9:30 a. m. at the hospital.

R. A. M. MEETING.

An important meeting of the Royal Arch Masons will be held this evening.

THE THREE STAR BACKSTOPS OF THE ATHLETICS READY

SCHANG, THOMAS, LAPP.

Great interest is shown in the series for the baseball championship of the world which will be started at the Polo grounds in New York tomorrow afternoon when the New York Giants, champions of the National league, will play their first game against Connie Mack's champions of the American league, the Philadelphia Athletics.

The Giants are considered the hardest luck world's contenders that have ever represented either of the big leagues, but experts, who in the past have handed the palm to the American leaguers, are picking the Giants to take the honors this year.

Because of the great local interest in the series the Telegraph has arranged to cover each game, and the readers of this paper will be given the details of all the games up until the time the paper goes to press.

LEVI WILL PROBATED.

The will of the late Mrs. Katherine Levi was probated in the county court today and F. X. Newcomer was appointed administrator. As no inventory was filed the bond of the administrator was not fixed.

CALENDAR OF EVENTS FOR COMING WEEK

Tuesday
Phidian Art Club, with Mrs. E. E. Shaw.

WEATHER REPORT

The following report of high and low temperatures and precipitation is taken each morning at 7 o'clock and is for the preceding 24 hours:

	Max	Min.	Precip.
Sunday	78	55	.40
Monday	73	59	--

GYMN CLASSES TO START THIS WEEK

SEASON AT Y. M. C. A. WILL OPEN IN EARNEST THIS EVENING.

A large number of young men visited the Y. M. C. A. Saturday evening, the occasion being the opening of the bowling alleys and gymnasium for the winter season, and the interest exhibited by those who visited the building promises a successful season in the athletics and sports there this winter. During the evening a number of bowling games were played and refreshments and music added to the pleasure of all.

The gymnasium work starts this week with the organization of the business men's class at 5 o'clock this evening and the young men's class at 6 o'clock.

Bowling League.

A bowling league, to be composed of teams from the various churches, will be a feature of the association work this winter, and the captains and members of the several teams will meet at the building Friday evening to discuss plans for the contests and to arrange a schedule.

Board Will Meet.

The board of directors of the association will meet Wednesday evening at 6 o'clock. Lunch will be served, after which the business meeting of the directors will be held. The meeting will be an important one, and every member should arrange to attend.

Teachers' Class.

The regular meeting of the teachers' training class will be held at the association building this evening at 7:30 o'clock. All Sunday school teachers are invited.

HOUSE ON TALTY FARM DESTROYED

FIRE DESTROYED DWELLING ON HOMESTEAD SUNDAY EVENING.

Fire of unknown origin, which started while all of the family were away from home, destroyed the house on the Peter Talty homestead farm east of VanPatten Sunday evening, the building being burned to the ground and all of the contents destroyed. While Mr. Talty had the building and contents insured, the policies are not sufficient to cover the loss, which is estimated at \$5,000. Mr. Talty was at the farm home of his son John, and Ted Talty, who has been helping him, was visiting at the Talty home in this city at the time of the fire. Accordingly the entire house was a mass of flames before the blaze was discovered and efforts to save the building or any of the contents were useless.

FIVE MORE MURDERS

Chicago, Oct. 6.—Special to Telegraph—Henry Spencer, who has confessed to the murder of Mrs. Mildred Allison Rexroat, and to a long list of other murders, twenty in number, today added more names to the gruesome list of those whom he said have been his victims. The number of persons whom he claims to have murdered are twenty-five.

NO TREATY RIGHTS VIOLATED

Washington, D. C., Oct. 6.—Special to Telegraph—None of Harry K. Thaw's treaty rights were violated when the Canadian government forcibly deported him a few weeks ago, is the ruling given today by Solicitor Joseph W. Folk of the state department.

CHINESE ELECTED A PRESIDENT TODAY

Pekin, China, Oct. 6.—Special to Telegraph—Yuan Shih Kai was today re-elected as president of the Chinese republic, receiving 507 votes on the third ballot in the assembly, one more than was necessary to elect.

ROBBED OF \$16,000.

Stonington, Conn. Oct. 6.—Special to Telegraph—Carl A. Klobb, cashier of the American Velvet company was robbed today of \$16,000 by masked men with revolvers.

D. U. H. S. DEFEATED IN THE FIRST GAME

MORRISON FOOTBALL TEAM VICTORS SATURDAY BY A 13 TO 0 SCORE.

The Dixon union high school football team met defeat at the hands—of Morrison, in the first game of the season at Athletic park Saturday afternoon, the Whiteside county boys taking the honors by a 13 to 0 score. Although the boys were defeated they are in no way discouraged, nor is Captain Hogan, and promise a much better showing in the return game, to be played at Morrison next Saturday.

The inexperience of the Dixon line—many of the linemen being in their first game of real football—and the early injuries to Sterling, Schrock and Dollahan, which weakened the offensive work of the team noticeably, were the causes for Dixon's defeat. None of the boys were seriously hurt and will be back in the game before the end of the week.

ELECTRICITY USED IN FIRELESS COOKER

NOVEL APPLIANCE MAKES ITS APPEARANCE IN THIS CITY TODAY.

It has often been said that the development of electricity is still in its infancy. This may be true, but nevertheless the Hotpoint Electric Co. of Ontario, California, are developing some very nifty and interesting electrical appliances, the latest of which is their electric fireless cooker, which is on display in the window of the Electric Shop, at the south end of the bridge.

It is the first of its kind and it may be of interest to readers to know something of its operation. In the ordinary fireless cooker it is necessary to first thoroughly heat the food over a flame before being placed in the cooker. This is done away with by the use of electricity. The food is placed directly in the cooker, the electricity turned on, the hand on the dial being first set on the figure denoting the required heat to cook the article in question, and then left to cook.

By means of a thermostat when the desired heat is reached the electricity automatically turns off and the food finishes cooking by its own heat.

The cooker is not a bad ornament, being made of aluminum, nickel and stove steel. It is very cheap to operate, as it only requires the same current as an electric iron.

MAYOR BRINTON IS GIVEN APPOINTMENTS

NAMED TO REPRESENT ILLINOIS AT CONSERVATION AND GOOD ROADS MEETINGS.

Mayor W. B. Brinton has received notice from Governor E. F. Dunne that he has been appointed to represent the state of Illinois at two important national conferences, to be held soon. One appointment is to the National Conservation Council, which will be held at Washington, D. C., and the other to the Good Roads convention, in which every state will take part, the last meeting to be held at Philadelphia.

M'GREAL TO RUN

FOR CONGRESS
A dispatch to the Chicago Record Herald from Madison, Wis., states that Lawrence McGreal, democratic sheriff of Milwaukee and son-in-law of Commissioner M. J. Gannon of this city, will probably be a candidate for congressman in opposition to Victor L. Berger, socialist and former congressman, and Representative Stafford, republican. Mr. McGreal was nominated for congress a year ago, but was later persuaded to run for sheriff, to which office he was elected.

FATHER THROWS SICK CHILD OUT IS REPORT

ACTIONS OF RESIDENT AROUSES CONTEMPT AND IRE OF NEIGHBORS.

POLICE CALLED NO ARREST

Neighbors Say He Left Quarantined House, But He Is Allowed His Freedom.

Another case of paternal cruelty, the second within as many months, in which the police were called and in which no arrests were made, was reported Saturday evening, and in this case, as in the former one, the man who, if reports are true about his action, is a pitiful specimen of manhood who an innocent little girl calls "papa" was allowed to go absolutely free after, according to reports, shamefully abusing the little one whom duty and nature demanded that he protect and cherish.

According to the reports of those who claim they witnessed Saturday night's incident, the affair is one that demands action not only from a humane standpoint but from a question of public health. The report is that a certain father, whose little daughter has been dangerously ill with a contagious disease, left his house Saturday night despite the quarantine that had been established there and after getting away, it is said he loaded himself with bad whiskey.

Returning home it is said he tried to quarrel with his wife, and then turned on the sick child, a bright little girl about eight years old and, according to the reports of those in the neighborhood, after abusing her, threw her out into the yard. The police were called, but no action was taken to arrest the fellow for either his alleged cruel treatment of the child or for deliberately breaking quarantine and exposing any with whom he might associate to germs of contagion.

Those living in the neighborhood are greatly aroused over the occurrence and express their contempt for the thing that calls himself father.

PIONEER RESIDENT IS CALLED BEYOND

FRANCIS MILLER, HIGHLY RESPECTED CITIZEN HERE SINCE '54, IS DEAD.

Francis Miller, a well known and highly respected citizen of Dixon, passed away at his home, 909 Second St., at 12:20 yesterday from general "railties of old age. The funeral will be held at the home Wednesday at 2 p. m., with burial at Oakwood.

Deceased was born in Colerain, Ireland, April 16, 1828, and was married to Miss Mary Jane Burnside in 1840. They came here in 1854 and the deceased has resided here nearly all the intervening time. Seven children were born to this union: Mrs. Robert Hewitt, Kankakee; James, of Dixon; Mrs. H. Nevins, Peoria; and Josiah of Aberdeen, S. D. To them and his sister-in-law, Miss Eliza Burnside, with whom he made his home, the condolence of many friends is extended.

STOLEN WALLET WAS FOUND WHERE HIDDEN

While loading baggage at the C. & N. W. passenger station late Saturday afternoon John Blackburn found Jacob Wagner's wallet, which had been stolen from him by pickpockets while boarding the 11:08 passenger train Saturday morning, which theft was exclusively reported in this paper that evening.

The pocketbook, which contained \$1,800, had been stuffed between some trunks on the platform, the thief probably determining to get rid of it as quickly as possible after he discovered it contained nothing of value to him.

Dramatic Notes

FAMILY THEATRE

The vaudeville for week beginning tonight is up to the usual standard. For the first half of the week the bill includes Leslie and Sol Berns, a comedy novelty entitled Automobile Cray. Leslie Berns is a clever Miss with personality and is a splendid foil for the comical antics of her partner. They provide delightful entertainment. Taz Weatherford, a comedy mimic entertainer will be found most interesting. Wednesday afternoon and evening you will see one of the greatest photo plays ever shown here. The Last Days of Pompeii, in 4 reels. Don't miss the matinee.

THE GIRL AND THE BARON

The big Broadway musical success The Girl and the Baron, with Nat S. Ferber, the funny German comedian, and Miss Eva Malvin, the prima donna supported by Frankie Burns, Emily Montrose, George E. Hall, Robert Algier and others, will be the attraction which is to appear tomorrow evening at the opera house. The greatest array of Parisian costumes will be one of the most pleasing things for the ladies to witness as the designs are reproductions worn by the smart set in Europe and America. The management has surrounded the principals with a beautiful chorus that can sing and dance.

During the action of the play the latest songs will be heard and the latest dances shown. The scenic equipment is one of the most novel and elaborate ever produced on any stage and during the play Broadway in action at midnight will be shown in a pleasing manner.

DIXON OPERA HOUSE.

The bill at the opera house for Monday and Wednesday of this week we think is without doubt the best ever given in Dixon. On the bill is the Walter L. Weber company, five people in one act, a western dramatic sketch entitled The Apache Man. This act carries special scenery. Another feature act is the Orpheus Comedy Four. This is positively the greatest comedy act in vaudeville. Next is Haley & Haley Song Shop, singers and mighty clever entertainers, and Alberto in a novelty act with special scenery and electrical effects.

The management of the opera house wishes to announce that they are giving matinees every afternoon especially for ladies and children. Arrangements can be made any time for theatre parties. Bring the older folks along, those who can not come out on nights, and we assure you they will be well entertained.

MELANCHOLY DESPONDENT WOMEN

"The people are the best judges of merit," said Poor Richard. For nearly forty years women have been buying Lydia E. Pinkham's Vegetable Compound; they keep on buying it, and they will continue to buy it just as long as it proves such a wonderful success in curing female ills. Enormous quantities of roots and herbs are used annually in making this good old-fashioned remedy and the test of time has proved its merit.

DIXON BABY WON PRIZE

AT ROCK FALLS SHOW
Dixon, as usual, drew the prize again. In all the 186 babies abby show, at the corn carnival, the prettiest baby in the whole lot, according to the judges, and they are supposed to know, was sweet little Bertha May Hammer, route 1, Dixon, who scored 98 points and won the first prize.

LOSES SHARE OF ESTATE

Decision in Ziegler Case Is Against Adopted Girl.

Florence L. Brandt, Sister of William, Falls to Get Part of \$16,000,000 by Ruling of Surrogate of New York.

New York, Oct. 6.—A decision in the contest of the will of the late William Ziegler, the baking powder manufacturer, who left \$15,000,000, was made public by Surrogate Fowler, ruling against the claim of Florence Brandt Ziegler, whose adoption in 1906 as a child of Ziegler was abrogated by the surrogate's court six years later. Surrogate Fowler denied the young woman's application to have the abrogation decree set aside. Young Ziegler and his sister were the nephew and niece of the millionaire, being children of his half brother, George Washington Brandt of Chicago. They were legally adopted by the Zieglers on January 30, 1896. The adoption was abrogated with regard to the girl by an arrangement made between all parties March 31, 1902, which provide that Miss Brandt, then sixteen years old, was to resume her original name and return to her father.

After her brother had attained his majority and received the income of the Ziegler estate, as well as a surplus income aggregating \$4,500,000, Miss Brandt brought suit, contending that she was entitled under the articles of her adoption to inherit equally with him, as the decree of adoption had never been legally abrogated, because her mother had not consented to the proceeding.

Mr. Brandt had obtained a divorce on March 30, 1895, and was awarded the custody of the children.

In his decision, Surrogate Fowler says that because of the nature of the divorce of the Brandts the consent of the mother was not necessary to the abrogation of the decree of adoption, and that Miss Brandt, therefore, had no right to share in the Ziegler estate.

U. S. MILITIA HEADS MEET

Officers of Guard Attend Convention at Chicago.

Chicago, Oct. 6.—National guardsmen from every state in the Union were present in the Congress hotel this morning when the annual convention of the National Guard association of the United States was formally opened, and with them were many officers of the regular army. After an invocation by Capt. E. A. Kelly, chaplain, Seventh Infantry, I. N. G., there were addresses of welcome by Adjutant General Dickson of Illinois, and Col. Milton J. Foreman chairman of the committee of arrangements. Gen. Thomas J. Stewart, president of the association, then delivered his address and the convention was organized.

BOY HURT BY WILSON'S CAR

President Promises Youth New Wheel for Damaged One.

Washington, Oct. 6.—While President Wilson was returning home through the southeast part of the city his automobile struck Robert Crawford, fifteen-year-old messenger boy, who was riding a bicycle.

"My wheel, my wheel," said the boy when picked up. "I'll have to carry the messages on foot, now."

The president, however, assured him at once that he would buy him "a nice new wheel."

The president and his physician, Dr. Grayson, who was with him, took the injured boy to a hospital, where it was found his right leg was bruised, but no bones were broken. It was said at the hospital that the boy was "none the worse for the accident."

"CONVICT" OSBORN IS FREED

Man Who Sought Information Gets Enough in Week.

Auburn, N. Y., Oct. 6.—Thomas Mott Osborne, after a week's self-imposed term in Auburn prison to study prison conditions, ended his imprisonment after he had spent most of Saturday afternoon and all night in the prison "dungeon" undergoing punishment for refusing to work in the broom shop. He lost several pounds of weight and dazed and very nervous, came out of the prison with a mass of information which he declares will surely lead to the betterment of the conditions under which the state of New York now treats its offenders.

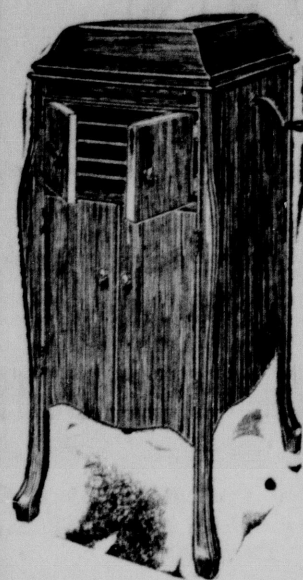

ROCKEFELLER'S WIFE IS ILL

Magnate Refuses to Talk About Her Condition.

Cleveland, O., Oct. 6.—John D. Rockefeller's departure for New York has been indefinitely postponed, owing to the illness of Mrs. Rockefeller, Mr. Rockefeller said. Mr. Rockefeller declined to comment on the report that Mrs. Rockefeller is learning lip reading and the sign language because of her growing deafness.

"You must pardon me," he said graciously. "I would rather not discuss that."

W. A. Moore, Allentown, Dead. Bloomington, Ill., Oct. 6.—William A. Moore of Allentown is dead, aged seventy-six. He was for a number of terms a member of the Illinois legislature and was prominent as a Democratic politician.

Why I Advertise

I believe that seven-tenths of all headaches have their origin in strain ed vision. I also know that correctly fitted glasses will entirely relieve the headaches by removing the cause. Scarcely a day passes, but I relieve some sufferer through my knowledge of making and fitting glasses. I am anxious that all sufferers should know there is a remedy so simple; this is one reason why I advertise.

Speaking of the Divorce Evil

Trying to succeed in business without advertising is like the case of the man who, trying to outexpense, divorced his wife and alone attempted to keep house and raise his children. It cost him more money for doctor bills and funeral expenses in a year than he gave his wife in a lifetime.

When advertising is divorced, business success becomes failure.

This paper is building your neighbor's business. He has reasons. He tried advertising and it helped him. It is not an experiment—this paper brings results. Good, hard, convincing results—dollars.

BEAUTIFUL SERVICES SUNDAY

Big Session Saturday Was Largely
Attended—Tomorrow Last
Day of Conference.

Freeport, Oct. 6.—Special to Telegraph—The list of appointments for ministers in the Rock River conference was not read today as was expected, but may be read at midnight tonight, for an all night session is looked for. If they are not read during the night they will be made public the first thing tomorrow morning, for all routine business and matters of detail are being ground out to day, against the closing of the conference tomorrow.

Sunday Services.
A crowd of delegates to the Rock River Methodist conference that taxed the capacity of the great new Em-bury church greeted Bishop McDowell at the morning service Sunday. His text was the parable of the sower and the seed. He said the parable gave one of the most hopeless pictures, that men should toil and have so much of their work wasted.

On the other hand, he said it was hopeful that some of the seed yielded an abundance.

Likened to Seed Sowers.
He likened the assembled ministers of the conference to seed sowers and said no matter what the soil, he was more concerned about the sowers, that the time was not twenty centuries ago, but now. The land not Palestine, but Chicago.

The ordination service for deacons and elders took place in the afternoon at 3 o'clock. The candidates were:

Elders—Aubrey S. Moore, Wm. Schuerman, Norman Host, Eleazer Dawe, Quincy R. Wright and Ernest Lauer.

Deacons—David H. Ross, Albert W. Hooton.

The class was addressed by Dr. Charles M. Stuart, president of Garrett Bible Institute, Evanston. His theme was "The Church of the Living God."

MISS EDNA ROLAND, WITH THE MUSICAL FARCE, "DON'T LIE TO YOUR WIFE," AT DIXON OPERA HOUSE FOUR DAYS, STARTING OCTOBER 9.

ing God." He said: This is not a "literal" nor is it the bible. A man may believe in both and never know the power of the living God. Only that confidence of righteousness and justice and truth which sustains us under all circumstances is worth while.

Dixon Eldership Prospects.
There is a rumor that the eldership of the Dixon district may go to C. K. Carpenter of Elgin. Fred Stone of Dixon is also mentioned, and Dr. Pierce of Freeport. J. W. Holland is said to be down for First Church, Freeport. Rev. H. K. D. Hester of Bowen church, Chicago, is slated for transfer to Wichita, Kas.

Dr. C. M. Boswell, secretary of the Home Missionary and Church Extension, Sioux City, was the speaker to night.

Saturday Sessions.
The sale of the Methodist Book Concern property and the Wabash Avenue church squabble occupied almost the entire time Saturday. The report of the book concern committee was made the order of the day at 11:20 a. m. It was read by Rev. Beeley of Englewood, Chicago.

The report of the committee was adopted.

Bishop McDowell addressed the class of four candidates coming into full connection at the devotional hour. He declared that Jesus was interested in men and not institutions, and advised the young preachers to follow His example. He urged faith in the divinity of Jesus Christ, declaring he had no patience with those who did not hold such faith.

There was but one man who made

application for admission on trial, Lyman R. Bayard of Elgin, a brother from Methodist Episcopal Church South, who wished to have his local ordination papers recognized.

Assaults Tobacco Users.
James Rowe raised the question of personal habits, saying: "I would not vote for the most brilliant man in Illinois if he was a user of tobacco." It was discovered that the brother did and he was therefore denied recognition.

Dementown
Doings

It is with the greatest of haste that we add to our Rouse Mit 'Em club the two Dixon fathers whose inhuman treatment of their little children has resulted in one of them being a cripple for life and the other, whose doggishness was demonstrated Saturday night, who threw his sick child from her bed to the porch. They take the latest "honors" in the club.

Further, it occurs to this col. that if the authorities can not get back bone enough to punish the human brutes, plenty of perfectly good and sticky tar and a lot of feathers would undoubtedly be donated for such a worthy cause.

Observation would indicate that cold feet have kept many a man out of the cemetery.

Isn't it strange how we all take off our shoes when we kick ourselves?

In days gone by mother used to tell daughter all about the men, but now daughter comes home and puts the old lady wise.

A lion with a toothache is a piker compared with a fat woman with a busted corset string.

Another Rumor Busted.

North Dixon is coming forward with great ability in the busting of unreliable rumors. Another canard was nailed this morning when a number of prominent residents investigated and reported that there was absolutely no truth, or any indication of ever having been any truth, in the report that Contractor Devine intended completing the North Ottawa avenue macadam this fall.

Furthermore, it strikes the contractor that the busy-bodies who think a man ought to complete a little job like that when he has only had the contract thirteen months should tend to their own business—which consists only of paying their taxes and driving several blocks out of their way to get around the torn-up street. In the words of some noble patriot (we've forgotten who) the public be d—d!

Mrs. Morrison and daughter Lucile will go to Chicago Tuesday.

PICTURESQUE HAWAII.

There will be an illustrated lecture at St. Paul's Lutheran church on Thursday evening at 7:30 o'clock. Rev. A. A. Ebersole, associate pastor of Central Union Church, Honolulu, to exhibit and explain about 100 fine views of these new island possessions of the United States. Seventy-five views of Honolulu and vicinity, including map of the islands, public buildings, flowers, fruits, sugar industry and the beautiful scenery on the islands; ten views of a trip to the volcano. Other views of present day Hawaii and types. Rev. Ebersole is a son-in-law of Anson E. Thummel of Sterling. He will give a most interesting and instructive lecture on the islands and none should fail to see and hear what is presented.

The lecture will be free. A silver offering, however, will be lifted during the evening. The young people, especially, should attend.

TAKEN TO JOLIET.

Adolph Tomac, who recently pleaded guilty to a charge of forgery in the circuit court, and who was sentenced to a term of from one to ten years in the Joliet penitentiary by Judge Farrand, was taken to that institution this morning by Chief Deputy R. R. Phillips and M. L. Dy-sart.

Blind Girls at the Phone.

The blind telephone girl has been tried and proven a success in Baltimore. Miss Elsie Sonderman, the first, operates the exchange for the Sheppard-Pratt asylum. Recently the Maryland School for the Blind turned out five other well trained girls and the managers believe they can open this field of work to many others. These girls are working with the regulation switchboards, but a new kind of board is being planned which will simplify the training and increase the efficiency of the sightless operators. The most difficult board now operated by blind girls is that at the Young Women's Christian association in Philadelphia. Like a hotel, the association club and home has 200 rooms and eight pay stations, and the blind operators are as accurate and quick as other girl operators.

His Support Poor.

A Mississippi Democrat made several efforts to get a congressional nomination. He was soundly beaten every time, and at last announced that he was going over to the Republican party. Hundreds of negroes were in the district and among them the new leader did most of his work of organization. He built up clubs and held meetings and when another election period came had himself nominated. The negroes paraded diligently and the campaign had all the outward appearance of being full of hustle, but when the ballot boxes were opened there were but two votes for the former Democrat, and on top of that he was arrested for repeating—Chicago Evening Post.

GARRICK THEATRE.

On Sept. 2, following the first Chicago performance the night before of Wm. Hodge in The Road to Happiness, eight Chicago newspapers vied with each other in praising the new vehicle in which the man who made The Man From Home famous appeared in the Garrick theatre. One and all agreed that the new play was as good as The Man From Home and agreed that in the new play Mr. Hodge outdid his wonderful acting in the role of the Hoosier lawyer in the Tarkington-Wilson comedy.

"As he was in The Man From Home" wrote James O'Donnell Bennett in the Record Herald, so is Wm. Hodge in The Road to Happiness. The new play is a pleasant pastoral comedy and was acted in the manner of its writing, with a candid reach for the heart. Mr. Hodge was as he always has been and always will be.

Charles W. Collins in his review of the play in the Inter Ocean: "Mr. Hodge was quaint and quizzical, as well as skillful in characterization."

Miss Amy Leslie, the play reviewer of The Chicago Daily News, had the following: "An evening spent with Mr. Hodge and The Road to Happiness must be profitable, uplifting and a relaxation from the hideous and rampant. The play is as welcome as the dew in the lily cup."

Remarkable Giant Snail.

A carnivorous giant snail called the glandine was imported into France from Mexico some six months ago, and at a recent meeting of the Academy of Sciences Professor Bouvier asserted that its cannibal propensities were conferring immense benefit on market gardeners. The glandine feeds on ordinary snails and slugs, and when it encounters a French snail it thrusts forward its head, and penetrating to the innermost recesses of the enemy's shell, devours its prey alive. The experiment began with 100 giant snails, and proved so satisfactory that 200 more are to be imported for the market gardeners around Paris.

Science of Detecting Crime.

M. Bertillon, the well known chief of the Paris anthropometric service, is engaged in giving a course of technical and practical police instruction to the new criminal brigade composed of 200 picked men of the police force. The courses which have now been organized at headquarters are likely to be of value in training the men, and instruction is given in different branches by several specialists. The part which M. Bertillon has in charge includes conferences upon anthropometric service for identifying criminals, in which photographic views play an important part. Instruction courses of this kind also exist in other countries of Europe.

Executioner Set Fashions.

In England fashions have been killed at executions, but in France over a century ago fashion in men's attire was set by Sanson, the public executioner. Sanson, who had high ideas of the dignity of his office, was famous for the richness of his attire when officiating on the scaffold. Just before the revolution he was forbidden to wear blue, the nobleman's color, and by way of protest he made himself even more gorgeous. He took to green, and that color, as well as the peculiar cut of his clothes, was adopted by many of the young dandies of the court.

The Finishing Touch— Electric Light

Exactly. No house is complete without it. Few are built nowadays without provision for it. Often houses miles away from a supplying source are wired in the expectation that current will be brought there. The reason's clear:

Electric Light

is the superior light. It's in a class alone. The current that creates it will expel the drudgery from your home, too, for it can be made to perform all the hard work.

Is your house wired? If not it can be easily and cheaply equipped. Let us tell you about it.

IF CONSTIPATED OR BILIOUS "CASCARETS"

FOR SICK HEADACHE, SOUR STOMACH, SLUGGISH LIVER AND BOWELS.

Get a 10-cent box. Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach or have backache and feel all worn out, are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action, a clear head and cheerfulness for months. Don't forget the children.

Every Second Girl Marries.

Practically one out of every two girls studying in Wellesley college subsequently marries. The number of children born to former Wellesley students in 37 years is little less than one for each marriage. Statistics just gathered for the first time after a year or two of diligent searching the country over prove these figures. To complete the task it was necessary to carry the inquiry into numerous foreign lands. Since it was founded in 1875 by the late Henry F. Durant, 9,791 women have studied in Wellesley college, although only about half this number remained to receive degrees as bachelors of art. Of the 5,791, 3,613 have married and they have had 4,004 children—2,013 sons and 1,991 daughters.

ADMITS SLAYING TANGO DANCER; MURDERED 20

James Burke Confesses to Killing Chicago Woman and Others.

MANY OLD CRIMES SOLVED

Prisoner Says He Lured Victim to Wayne, Ill., and Then Shot Her to Death While on Lonely Country Road.

Chicago, Oct. 6.—The confessed murderer of Mrs. Mildred Allison Rexroat was captured last night. He admitted killing the dancing teacher ten days ago at Wayne, and then under questioning told of the murder of a score of other persons during the last ten years. The man's name is James Burke, alias Harry Spencer. He is thirty-two years old and has spent sixteen years of his life in penitentiaries. Under many aliases he has served time for highway robberies and burglaries. During the last week he has posed as a lithographer and attended religious services at Immanuel Baptist church. Two weeks ago he said he attended the wedding of Miss Martha Myers, the daughter of Rev. Johnston Myers, pastor of the church.

List of his victims as he recalls it follows:

Mrs. Rexroat.
Patrolman Pennell, Chicago.
Patrolman Devine, Chicago.
Fannie Thompson, Chicago.
Woman whose body was found near County hospital.
Broker whose body was found in Jackson park.
Woman found in room in Sangamon street, Chicago.
Woman found in canal, Chicago.
Two girls at Delavan Lake, Wis.
Two girls at Paw Paw, Mich.
One girl at Belle Isle, Detroit.
One woman found back of stock yards, Chicago.
One girl at Fort Montgomery, New York.

One man in alleyway in Van Buren street, near Morgan, Chicago.
One man and one woman five years ago in rooming house, Chicago.

\$7,000 in Last Year.
Spencer had \$260 in his possession when caught and states that he has gained about \$7,000 from murders and robberies during the last year.

When asked how he killed his victims, replied:

"If I could get them coming upstairs I found a hammer handy. If I was alongside them I used a gun and sometimes if the girl was not strong I would tie her up and choke her so as to have the least trouble. I cannot say how many persons I have killed."

Tried to Burn Three.

Among his other crimes Spencer admitted being the burglar who tied two women and a man to their beds over a Milwaukee candy store recently and setting fire to the house after shooting one of them. The firemen just succeeded in rescuing the prisoners.

"I have been married four times and killed two of my wives. I got all my money without having to kill them." Spencer was arrested at 2215 Michigan avenue, where he called to visit a woman.

"I had found that my landlady had some money, and if I had not been caught would have killed her," said Spencer.

Describes Rextroat Crime.
In telling of the Rextroat crime Spencer said:

"I first met her about two months ago at a South side park. She tried to play me for a farmer and I let her think I was one. I took some lessons from her."

"On Wednesday I made an appointment with her to meet me at the Fifth avenue station of the Aurora & Elgin line, and we were going to Wayne to see about starting a school there."

"It was about 7:45 when we arrived at Wayne. I took her arm and walked her along a wagon road until we came to the railroad viaduct. Then I just drew my revolver and shot her in the head. She did not scream or make any trouble. I laid her body across the track and after taking her ring walked back to the railroad station. A train came along about eight o'clock and I came back to the city."

Teacher Dies in New Mystery.

Discovery near Argo, Ill., of the body of a woman, bruised by the fingers of the murderer who had choked her to death and stripped of almost all its clothing presented for solution a mystery remarkable in its similarity to the now solved Rextroat case and even more baffling. All that was established definitely was that the victim was Ida G. Leeson, artist and school teacher, former student at the University of Chicago and pupil of L. O. Taft. A clue to the identity of the slayer or slayers of the woman was obtained from a Belt Line flagman.

The flagman said a machine had dashed by him at a terrific speed and he heard a woman's voice. It returned later, but there was no woman in the machine. Miss Leeson, a woman of education and refinement, had left Chicago early in September to teach school in Mason City, Ia. She had paid her board there until October 22, then returned to Chicago to seek employment, not as a school teacher, but as a domestic and a nurse.

G. O. P. URGES REFORM

Meeting in December to Change Rules of Party.

Effort Will Be Made to Reduce Unequal Power of South in Control.

Washington, Oct. 6.—The Republican national committee will meet in Washington on Tuesday, October 16, to confer on party matters and to take any action which may be deemed advisable. A formal call for the meeting was issued today. The meeting was decided on at a conference of Chairman Charles D. Hilles and Secretary James B. Reynolds.

The decision to call the committee resulted from the repeated requests of Republican leaders that an opportunity be given to revise the rules of the Republican party.

The principle changes demanded are in the basis of representation from the southern states at national conventions; and in the method of electing delegates from states that have primary laws covering that subject. Senators Jones and Cummins, representing the so-called conciliation committee selected by Republican and Progressives at Chicago last spring, have been in communication with Chairman Hilles recently and have renewed the request of the party factions that the national committee take up the convention question at once.

Boston, Oct. 6.—Representative August P. Gardner, who had repudiated the state committee, declared at the end of a sharp fight in the Republican state convention that he would run on a platform of his own. He would fulfill, he said, his campaign promises to the 45,000 voters that nominated him at the primaries.

Without a discordant note the Democratic state convention unanimously adopted a platform prepared by the resolutions committee and endorsed the state ticket headed by Lieut. Gov. David I. Walsh, which was nominated in the primaries. A resolution protesting against the appointment of men to federal positions without presidential consultation with state party leaders was defeated in committee.

MINER RESCUED FROM DEATH

Man Entombed for Eight Days in Colliery Attends Church.

Centerville, Pa., Oct. 6.—Thomas Teshesky, the miner who was liberated from his underground prison at the Continental mine after being entombed for eight days, felt so well in the morning that he attended church at Mount Carmel and joined in a general prayer which was offered on account of his rescue.

After the services the rescued man held an informal reception and it is estimated that more than five hundred people grasped his hand.

"It's good to be with my wife and children, who had mourned me as dead for nearly four days, and I shall never forget, nor can I ever repay those brave, self-sacrificing men, who labored night and day for more than a week to make this possible."

WELL KNOWN EDITOR DIES

J. S. Johnston, Former Associate of Henry Watterson, Succumbs.

St. Louis, Oct. 6.—J. Stoddard Johnston, former associate editor of the Louisville Courier-Journal under Henry Watterson, died at the home of his son, Harris H. Johnston, in Clayton, Mo., from hardening of the arteries. He was eighty years old.

Mr. Johnston was a nephew of General Albert Sidney Johnston, one of the Confederate commanders at the battle of Shiloh.

For many years Mr. Johnston was Democratic state chairman of Kentucky. He was adjutant general of the state from 1871 to 1875, when he was defeated for the Democratic nomination for governor and became secretary of state until 1879.

REBATE IN TARIFF MAY GIVE DEFICIT

Nations to Get 5 Per Cent. Cut Owing to Clause as to U. S. Ships.

UP TO THE SUPREME COURT

Government Will Lose \$10,000,000 on Bonded Goods Withdrawn, Is Fear of the Treasury Officials.

Washington, Oct. 6.—Treasury department officials are at sea to know what congress actually meant by the provision of the new tariff law allowing a five per cent. reduction of duties on goods imported in American ships, with the condition that the differential should not be construed to abrogate or impair any existing treaty between the United States and a foreign nation.

Literally interpreted, it is declared the provision would give a five per cent. decrease to goods in American bottoms and automatically grant the same privilege to the same ships of the many nations whose treaties with the United States guarantee no discrimination between their vessels and those of America.

May Create Deficit.
This construction, which would be a horizontal reduction of five per cent. in the tariff for importation from most of the great countries of the world, involves probably \$10,000,000 in revenue for the government, creating a deficit instead of a surplus in treasury as has been estimated by the tariff framers. The question undoubtedly will be referred to President Wilson and Attorney General McKeynolds and ultimately will reach the United States Supreme court.

The state and treasury departments are in consultation over the effect of the provision, the first snag struck in the new law. Avoiding a literal construction, some officials contend that congress meant the reduction should be allowed only in cases where the United States did not have a treaty which would interfere.

Twenty-Three Shut Out.
Whatever the interpretation of the provision for nations with these guarantees of equality, it is pointed out, other serious questions arise as to 23 nations whose treaties with this country do not guarantee against discrimination. The countries which thus will be charged the full Underwood duties in any event are:

Brazil, Nicaragua
Chile, Panama
China, Persia
Dominican Republic, Portugal
Ecuador, Russia
France, Salvador
German Empire, Siam
Greece, Switzerland
Guatemala, Turkey
Haiti, Uruguay
Mexico, Venezuela

*Except several German states.

In addition the treaty with Great Britain does not guarantee equality of treatment for vessels of its colonies, such as Canada and Australia.

That Great Britain, Germany and Austria will demand the five per cent. discount is indicated here. The administration is expected to refuse to grant it, and the result will be to force the whole matter into the courts, unless congress sees fit to classify this provision of the new law.

DELAY IN CANAL OPENING

Goethals Asserts First Ship Cannot Pass for Month.

Colon, Oct. 6.—Colonel Goethals, chief engineer of the Panama canal, has informed Captain Nilson of the steamer Fram that the ship will not be able to pass through the canal for at least a month, owing to a recent extensive slide at Cucaracha.

Nicholas Longworth and Mrs. Longworth, who was Miss Alice Roosevelt, arrived here on the steamer Carrillo. They will inspect the canal and will be among the spectators at the blowing up of Gamboa dike and the letting in of the waters. They hope to make the passage of the canal on the first vessel that sails through.

Rome, Oct. 6.—Italy will send a squadron to Hampton to celebrate with the warships of the other powers the opening of the Panama canal.

COL. J. E. TATE A SUICIDE

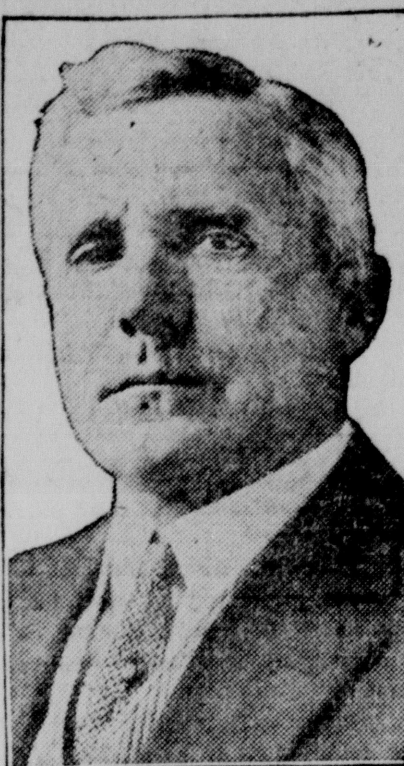

Maryland Capitalist Kills Self in New York Hotel—Lost Fortune.

New York, Oct. 6.—Col. James E. Tate, a well known Maryland capitalist and politician, killed himself in a hotel in this city. His suicide was ascribed to financial reverses and despondency. Colonel Tate lost a fortune through the decline in the value of his holdings of stock of the Adams Express company. The advent of the parcel post caused the value of his holdings to be cut in half. Colonel Tate was a nephew of former Governor Tate of Georgia and a cousin of the late Admiral Schley.

THIRD ROAD MEET ENDS

Place Where Next Convention Will Be Held Is Undecided.

Detroit, Mich., Oct. 6.—The third American road congress ended with the reports of officers and committees and the adoption of resolutions with reference to the building and maintenance of good roads. It was decided at the last minute to leave the question of the place of next meeting to the executive committee, which will inspect the convention facilities of Atlanta, New Orleans, Denver and Peoria.

NATIONAL BISCUIT COMPANY

Berlin's Dogs.

The exodus of inhabitants from the central portion of Berlin to suburban districts has become so general that even the dogs are joining the movement. Whether the canine residents thereby show purely personal taste or whether their change of abode is the compulsory result of similar steps by their masters cannot be ascertained, but municipal statistics show that whereas in 1909 Berlin proper harbored 45,981 dogs the figure in 1910 was only 43,703, and in 1911 it fell to 42,078. This year the diminution in the taxable contingent of the dogs amounts in round figures to 4,500. Nontaxable dogs, however, have increased by about 600. Among the latter are 82 belonging to the emperor and to the various foreign embassies, 46 police dogs and 1,120 belonging to blind and other invalid persons.

Creation of New Worlds.

People ask "How was the universe created?" The fact is the universe was never "created." It is in a process of perpetual creation. It is being made, destroyed and remade all the time. The telescope and the spectroscope bring down to us pictures of parts of it in all the stages of growth and decay. The most fascinating problem of modern astronomy is the searching out of that great process; the discovery of the method of the world machine. It is a question not of what happened once in ages ago, but of what is all the time happening.—World's Work.

Cable and Wireless.

An announcement recently made by the directors of an ocean cable company once more emphasizes the fact that no detrimental effect whatever has been experienced by the rapid expansion of wireless telegraph communication. Just as in the familiar case of a new rapid transit system in a large city finding its own new business without taking from the traffic on existing means of transportation, so the cable companies are finding that there is ample room for both the old and the new systems in the increasing demand for transoceanic telegraphy.

Apples for Health.

The old idea that apples were the favorite fruit of the god is a plausible theory. The freshness of youth was ever possessed by those who made apples their principal diet. Certain it is that there is no food so valuable. Apples nourish the brain and spinal cord. They contain phosphorus, albumen, sugar, gum, chlorophyll, malic acid, gallic acid, vegetable fiber and water. They cure gout and rheumatic disorder and exercise a beneficial influence on the liver and stomach. Ripe apples and bread as a diet will do more to restore health than drugs.

Americans Were "Bostonese."

During the Revolutionary war and shortly after it, citizens of the United States were known in the Spanish colonies as "Bostonese," probably because the war began near that town. Francisco Cruzat, Spanish lieutenant governor of Missouri, writing to the governor of Louisiana on December 8, 1777, said: "Colonists in the English territories are being forced to bear arms against the Bostonese."

QUAKER FANS IN LONG VIGIL

Hundreds Pass Night in Line Waiting for Tickets to World Series Games.

TWO BOYS HEAD THE LINE

Messengers Bring Soap Boxes and Patiently Await Opening of Box Office—First Game Starts Tomorrow at New York.

Philadelphia, Pa., Oct. 6.—Hundreds of men, women and boys lined up here last night in front of the department store where the advance sale of tickets for the world's series games to be played here opened at nine o'clock this morning.

First in line, which before midnight extended for more than a city block, were two messenger boys who took their positions early in the afternoon. Each had an empty soap box to sit on and a package of lunch. They were not relieved during the night, and were the first to purchase the coveted pasteboards.

Shortly after the boys started the line a colored man arrived with a big rocking chair, in which he proceeded to make himself comfortable. The first woman to take her place with the would-be ticket purchasers arrived about eight o'clock. She was No. 36 in line and was accompanied by her husband.

No one will be permitted to purchase more than two tickets at the advance sale. Some of those in line wanted to buy the tickets for themselves, some for speculators, and others were lined up in expectation of selling their points of vantage to late comers before the sale opened up.

Athletics Practice Today. The American league champions had their final practice here today and will leave at eight o'clock tonight for New York to be prepared for the opening game with the Giants there Tuesday. The regulars on Connie Mack's team will oppose a team of substitutes with a regular pitcher in the practice game at Shibe park today.

It is believed that Bender will be chosen to oppose Mathewson in the opening game, while Schang is expected to be at the receiving end. Plank and Lapp, however, may be the battery in case Manager McGraw should decide to send Marquard to the mound. Bush and Shawkey are other pitchers on whom the Athletics are pinning their hopes for victory.

Commission on Hand. New York, Oct. 6.—Distribution of the 8,000 odd reserved seat tickets for the series at the local grounds was under way all Sunday, and the prized cards of admission were all in the hands of those to whom they were assigned to tonight. The greater part of these tickets have gone to baseball men throughout the country and to New York club patrons of long standing.

The eat question, a source of much trouble in former years, has given the magnates no little concern this year, but the arrangements are believed by them to be such as to eliminate chances of speculation so far as that is possible and give the real supporters of the game an opportunity to see the series with a minimum of personal inconvenience and without an excuse to raise the charge of favoritism. It was pointed out by an official that during the series with the Red Sox last year patrons arriving at the grounds here at any time after 12:30 o'clock had no difficulty in gaining admission.

Doyle to Be in Line-Up. While it appeared to be settled that Larry Doyle, the hustling second baseman of the New Yorks would be in condition to take his position at the beginning of play on Tuesday, the impression prevails that McGraw would be without the services of Fred Snodgrass, the team's regular center fielder, when the series opened.

It looks to be probable, therefore, that the Giants will line up on Tuesday with Merkle, Doyle, Fletcher and Herzog filling the infield positions, and with Burns, Shafer and Murray in the outfield. Some close watchers of the play of the team are inclined to think that the team as thus formed will be not a bit weaker than with a line-up that included Snodgrass and left Herzog out.

MINE PLANT IS DYNAMITED

Property Near Wyoming, Ill., Attacked Second Time in Year. Wyoming, Ill., Oct. 6.—The power plant of the Andrews coal mine, just north of this city, was destroyed by dynamite. Bloodhounds have been sent for from Peoria to trail the culprits. The upper works of this mine were burned by a fire of incendiary origin last spring. Theodore McDaniels has been the lessee and operator of the mine for two years.

EX-IOWA JUDGE IS DEAD

Chester C. Cole, Who Served Many Years on Bench, Succumbs. Des Moines, Ia., Oct. 6.—Ex-Judge Chester C. Cole, in the first rank of Iowa jurists, died here, he had not been in active practice for several years. He served for many years in the Iowa supreme court.

Any article that is endorsed at Home is more worthy of confidence than one you know nothing about.

Endorsed by unknown people. Julius Gottlieb, merchant, 418 W. First St., Dixon, Ill., says: "My back had been causing me trouble. Often it was so lame and sore that it was hard to bend over. The kidney action was irregular and I knew that my kidneys were disordered. Seeing Doan's Kidney Pills advertised, I got a supply at Leake Bros. Co's Drug store. They did such good work that I recommended them. I am glad to do so again."

SAFETY RAZORS

The finest Safety razor display than ever shown in
Dixon may be seen now in our show window.
The Celebrated **KEEN KUTTER** \$1.00 Safety Razor, two models,
is so satisfactory we want every man to know about it and to
try one.

KEEN KUTTER Safeties also comes in fancy models \$3.50
to \$5.00 and in sets from \$3.00 to \$12.00.

Why you should buy the **KEEN KUTTER** Safety Razor in
preference to others. Because it is perfectly adapted to its pur-
pose than any other razor made. Because it lies against the
face at just the proper angle to shave easily and clean. Be-
cause it has that subtle quality called "hang" a **KEEN KUTTER**
"Safety" fits the hand and the face without conscious effort on
the shaver's part. Because it has the best blades ever put in a
safety razor. They are the fine Norwegian steel [the finest and
most expensive steel possible to obtain] and give more satis-
factory shaves than any other razor blades known.

Because notwithstanding the superior "points" about the
KEEN KUTTER "Safety" and its high quality it is sold for less
than is asked for other high grade razors. Because it is what
its name implies—a shaver, not a scraper.
